LSH Together - in partnership with Real Estate Balance

An update on the benefits of our Real Estate Balance membership.

LSH joined **Real Estate Balance (REB)**, a campaigning organisation working to improve diversity and inclusion in the real estate industry, back in October 2021.

Partnering with them **enables us to access their range of programmes, campaigns and events** to support our progress on all aspects of diversity across LSH, including driving cultural change and identifying best practice that can be shared.

2023 EDI Survey is now open!

REB's 2023 Equality, Diversity and Inclusion (EDI) survey is now open.

The **survey seeks** to understand barriers to progression across the industry, as well as identifying where progress has been made and where change is needed most.

The latest survey closes on 3 October and we encourage all colleagues to participate.

Your contribution will ensure that REB publish valuable data and will be used internally as a benchmarking tool for LSH's own EDI progress.

The survey is completely anonymous and will take five minutes to complete.

Join the REB NextGen Committee

The NextGen Committee represents those in the early stages of their property careers.

The **committee** was established in 2019 to represent, support and develop the emerging generation of real estate talent. Its focal point is delivering REB's objective to develop a diverse pipeline of talent in the property industry.

Members of this group have the chance to connect with peers, exchange information and hear about activities and initiatives organised by the committee.

If you are interested in joining and representing LSH, contact **Kirsty Wilkojc**.

Sign up to OnBalance

REB's members only newsletter.

OnBalance is a members only newsletter that acts as an essential guide to Diversity and Inclusion (D&I) issues within real estate.

Delivered direct to your inbox, you can find out about upcoming events including panel discussions, networking, mentoring and coaching opportunities across the industry.
